Date: Wednesday, April 26, 2017

Time: 5:00-9:15 p.m.

Location: Anchorage Sheraton Hotel
401 East 6th Avenue
Anchorage, AK 99501

Presenters: Stephen Martin, MD, EdM, Associate Professor,
University of Massachusetts Medical School

Cost: FREE

Organization: American Society of Addiction Medicine

Hosting Organization: Alaska Primary Care Association

Residents may take the course and apply for their waiver when they receive their medical degree. Physicians assistants (PAs) and Nurse Practitioners (NPs) can apply for a waiver after successful completion of 24 hours of education.

About the Waiver Training

Buprenorphine waiver training is available for providers interested in seeking their waiver to prescribe buprenorphine in office-based treatment of opioid use disorders. To obtain the waiver to prescribe, physicians are required to take eight hours of training and NPs/PAs are required to take 24 hours of training.

Following trainings, providers who have successfully completed the course, may apply to the Substance Abuse and Mental Health Services Administration (SAMHSA) to obtain the waiver. PCSS-MAT urges all providers who complete the course to submit a Notice of Intent Form to SAMHSA to obtain your waiver to prescribe. The waiver must be completed online and a link to the online form will be provided to participants following the training.

The course is split into an online portion and an in-person portion. Attendees are expected to complete the online portion of the course before attending the in-person training.

ACCME Accreditation Statement:

The American Society of Addiction Medicine (ASAM) is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

AMA Credit Designation Statement:

The American Society of Addiction Medicine designates this enduring material for a maximum of **3.75 AMA PRA Category 1 Credit (s)**[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity.
